"Garni" refers to "Garnish", which is all about the finishing touches we apply before relishing any dish. It all starts from spices, seasoning, and herbs, which blend with lentils and grains, to form a part of life and legacy in India's homes and regions all over the nation. At Garni, we promise to nurture your food with love, forming those flavours that remind you of home.

## Happy Cooking!

Garni offers a wide range of your daily essentials in its basket, including lentils, spices, herbs, seasoning, asafoetida, and marinades from India's best and freshest farms. We get our raw materials from sustainable sourcing channels that competently meet global standards and customers' expectations.

To raise the benchmark of our existing products, we have been consistent with our product and process improvements and innovations. In terms of product packaging, we offer a range of specifications that fit our customer's requirements.

2. We aim to solve the most complex digital transformation needs of the present and future, to continuously meet the wants of our customers.

# Bella Mente School

India's First Veda's Inspired Preschool Chain

Bella Mente's philosophy relies on quality education through implementing core learning practices and valuing a child's emotional and psychological needs. Every child is irreplaceable, and their inherent talents can be polished by developing them to perfection. The journey of Bella Mente began in 2013 with a want and a transparent vision to reform the early childhood education system by bringing the most innovative and progressive methodology, through the amalgamation of Vedic principles and the acclaimed Reggio-Emilia Philosophy.

Passionate about ensuring healthy development in the early years of a child's life, we intend to become the primary Indian pre-school which strongly abides by the principles of Vedic Science.

# Prasun Developers

Prasun Developers Pvt. Ltd. was founded in the 1990 with the aim of transforming the Indian landscape. It is the founder's ardent desire to reshape the trend of architecture and produce economically viable, socially fashionable, robust constructions spanning the length of India. Having led several projects over a period of three decades, we have established a solid rapport in the industry. We aim to revolutionize architecture by introducing environment-friendly designs capable of balancing the beauty of nature with state-of-the-art designs.

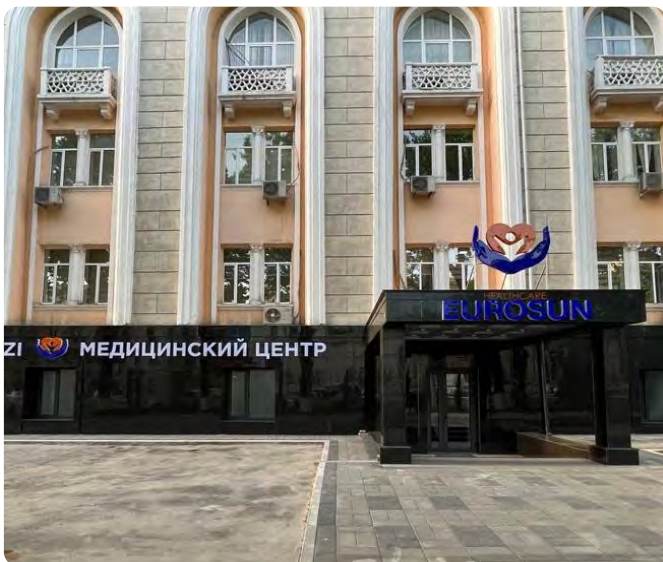

We, at Eurosun Healthcare, have a team of dedicated medical professionals committed to bringing the best of treatments and the latest cutting-edge technology, at fair costs, to support you in your fight against diseases.

We have initiated this venture by setting up a professional team of Oncosurgeons, Medical and Radiation Oncologists, and Pathologists. Our team is the very best in their fields, consisting of veterans with great experience.

In the near future, we will be developing more speciality departments, including other fields of medicine.
